**CinéBistro Announces Atlanta’s Second Premier Dinner and a Movie
Location at Peachtree Corners Town Center**

ATLANTA (June 19, 2017) – [CinéBistro](http://www.CinéBistro.com), a national upscale cinema and in-theatre dining experience from Cobb Theatres has signed an agreement to open its second area location at the Peachtree Corners Town Center, a project being developed by Fuqua Development in Peachtree Corners, GA. The 35,000-square-foot premier cinema complex at Peachtree Corners Town Center will combine a luxury movie-going experience with full-service, in-theatre dining for ages 21 and over. The 6-screen/600-seat cinema will be located at the corner of Peachtree Parkway and Medlock Bridge Road in the city of Peachtree Corners. CinéBistro offers guests the ability to watch the latest blockbuster or independent films while enjoying world-class dining created and orchestrated by the theatre Executive Chef and culinary team. Attentive in-theatre waiter service is provided in the most luxurious of settings. This will be the second CinéBistro location in the metro-Atlanta area. CinéBistro at Town Brookhaven opened back in September 2011.

“We are very excited to be adding a second CinéBistro location to our portfolio in the Atlanta area and continue to look at several other areas within the metro for continued expansion,” said Fred Meyers, Vice President of CinéBistro. “CinéBistro re-defined ‘dinner and a movie’ in Atlanta with the opening of CinéBistro Town Brookhaven, and we continue to be the leader in delivering the ultimate movie and dinner experience for guests looking for an exquisite night out. Our Peachtree Corners Town Center location will introduce the latest CinéBistro model to Atlanta, which will include electronic reclining leather love seats and 4k digital projection in our auditoriums, as well as a large, center room bar and dining area available to guests who may not be seeing a movie. We will also have a private dining room available for special occasions.” Despite the differences, Meyers added, “...guests will continue to experience the same world-class dining and service at both locations, with individual menus dictated and decided upon by each locations Executive Chef.”
